

Hello Mindy West.

My name is Tina Mulleavey and I am a teacher at Manchester High School Central in New Hampshire. I would like to personally THANK YOU so much for your generous gift of a scholarship to attend the National Jumpstart Conference in Louisville, Kentucky. This was my second time attending this amazing conference, and Jumpstart did not disappoint!

The speakers and workshops were well organized and have been extremely useful, in helping create engaging lessons for my students with up to date data, and hands-on activities. This Jumpstart Conference will continue to be one of the best conferences I have attended in all my 31 years as an educator.

Thank you and your organization again for your generosity and kindness. I truly appreciate it. Enjoy the holiday season!

Sincerely,
Tina Mulleavey

Dear Mindy,

11/20/2024

Words cannot express the depth of my appreciation at receiving the JumpStart 2024 scholarship! As a first time attendee, I was blown away by educational offerings available from workshops to keynote addresses, but what truly took my breath away was the manner in which I, and my fellow educators were treated - with dignity and respect. Thank you for your generosity.

You gifted me with tools to implement in my high school classroom at Prospect Mountain in New Hampshire and filled my professional/personal cup up, too.

I wish you all the best for the upcoming year.

Best Regards,
Jennifer Cove

Dear Ms. West,

Thank you so much for giving me the opportunity to attend the JumpStart Conference in Louisville. The speakers provided me with great information and resources to share with my colleagues and students. I look forward to equipping my students with this information to better prepare them for their adult lives.

With great appreciation,
Melissa Williams

Dear Mindy,

I write this note to thank you for your donation and generosity which allowed myself and so many others to attend the Jumpstart convention is KY! This was my 1st time attending and I learned so much to bring back to my high school classroom. The speakers, the sessions, the networking - all invaluable to my growth as an educator. Thank you again and have a wonderful holiday season!

yours truly,
Danielle Pios Meriden, CT
